

CLUB 100 APPEAL

HELP MAKE A DIFFERENCE TODAY,
FOR CAMBODIAN CHILDREN TOMORROW

Early in 2014 we celebrated our 5th birthday. So much has been achieved in such a short space of time. On that original rice paddy, purchased in 2009, has emerged a project that has changed lives and is giving hope to an entire community.

SINGING KITES runs a free **EDUCATION CENTRE** in rural Cambodia where over 1700 children from 32 villages are attending daily.

We are involved in offering educational opportunity through English classes, Khmer numeracy and literacy programs, science and maths tuition, creative arts programs, traditional music programs, tertiary scholarships, teacher training and health projects.

We offer a breakfast program, regular community meals for the frail and elderly, dental care, community development projects, the establishment of micro-businesses and sustainability projects

In our efforts to provide secure financial support for our education centre and extended community projects, we have implemented a scheme which we hope will sustain our ongoing financial commitment.

We are inviting 100 people to make a monthly donation which will cover our running costs. This will mean that we are able to focus our fundraising events on raising funds to continue to change lives by sponsoring more students to attend University, extra tutoring for our brightest students, the all important development of our teachers by implementing more teacher training programs, implementing clean water projects, and supporting our dental and health care projects.

Please consider joining us and in doing so, become an important school contributor and team member. Your contribution will help us assist people move out of the cycle of poverty through access to education and improved health programs.

The cost? \$30 AUD per month. Fully tax deductible.
